

Food safety and compliance with the quality requirements of the products made in **MANUFACTURAS SALOMON, S.L.** is our top priority. That is why all the staff of our organization assume the following guidelines in our daily work:

- Compliance with current legislation and requirements applicable to both the product / process and the organization or food safety, as well as compliance with any other requirement signed by the organization with a third party
- Consumer protection through the control of the food safety of the product, supporting the development and implementation of the HACCP System to comply with the obligation to produce a safe product that meets the needs and expectations of customers and interested parties.
- Provision of structures and means necessary to ensure both the implementation and continuous improvement of the Management System
- Dissemination of a culture of Food Safety at all levels of the organization, through the training, awareness and continuous training of our staff in all the activities they carry out, related to the food safety of our products and services and in the same way, guarantee the competencies of our employees related to food safety.
- Establishment of objectives focused on improving the quality and food safety of our products, basing them on the strategic direction of the organization.
- Creation of adequate Training Programs so that the staff supports this corporate policy, and is able to assume their responsibility in achieving the continuous improvement of the Management System
- Selection, evaluation and collaboration with our suppliers to ensure that they guarantee the continuity of our quality and food safety requirements.
- Compliance with the requirements of time, efficiency, safety and quality in the delivery of our products in order to ensure the satisfaction of our customers, guaranteeing a clear orientation towards our customers in all our activities.
- Review and continuous improvement of processes, products and services provided to our customers.
- Integrate into its daily activities the improvement of the working conditions and well-being of its workers, as well as the non-discrimination of these based on race, colour or sex.
- Act responsibly in situations of incidents or food alerts, always prioritizing the safety of our products and consumer protection

The achievement of food safety goals and objectives is the daily responsibility of all MANUFACTURAS SALOMON, S.L. personnel, thus teamwork will allow us to achieve quality and safe products for our clients and for final consumers.
